

Chumey Higher Secondary School  
Bumthang Bhutan  
Annual Examination: 2022

Class: IX (Nine)  
Total Marks: 20

Subject: ICT  
Time: 30min

---

Read the following directions carefully

1. Do not write for the first fifteen minutes. This time is to be spent reading the questions. After having read over the questions, you will be given 30 minutes to answer all the questions.
  2. In this paper there are two questions. You are expected to attempt **BOTH** the questions.
- 

1. Using print() function, write a program describing yourself. [5]
2. Write a python program to check whether you are eligible to vote or not?  
Your program should get the age of the voter from the user and if their age is 18 and above, let them vote otherwise deny them from voting. [15]
